

ROMA TRANSPORT AND CRANE SERVICES

(QLD) PTY LTD

ANYWHERE, ANYTIME, AUSTRALIA WIDE

ABOUT US

ROMA TRANSPORT AND CRANE SERVICES (QLD) PTY LTD is a TruckSafe Accredited Company which prides itself in providing specialist services within the booming Oil and Gas industry throughout the Maranoa region, interstate and Australia wide.

In operation since 1992, Roma Transport and Crane Services (RTS) was founded by company directors David (Charlie) Burke and Ian Forbes, a partnership which is still actively involved in the business today.

Charlie Burke
COMPANY DIRECTOR

Ian Forbes
COMPANY DIRECTOR

RTS is an extremely versatile company whose fleet consists of a wide variety of plant and equipment. The whole RTS fleet consists of over 150 registered vehicles and also offers a variety of plant and equipment for hire.

Although the company specialises in the Oil and Gas Industry, it also has the expertise to provide transportation services throughout other industries such as wide and/or heavy loads, dangerous goods, and mass fleet operations.

Its extensive fleet of vehicles, prime movers and plant and equipment means that RTS can deal with a vast range of client requests. Whether it is an overnight 'hot shot' of a small parcel, road train transportation, water carting or moving entire camps and drilling rigs, RTS is equipped to cover and oversee client requirements of a sizable variety.

RTS strives to achieve customer and employee satisfaction by undertaking and continually improving work practise 'To be our customers preferred supplier of quality transport in the Oil and Gas Industry.'

SCOPE OF SERVICES

RTS SPECIALISES in providing and supplying an array of quality services to clients, however is not limited to those services listed below. For any specific requirements you may have or need, please do not hesitate to contact RTS to discuss available options.

List of RTS Scope of Services

- General Haulage
- Heavy Haulage
- Water Cartage (Potable and Regulated)
- Container Movements 20' and 40'
- Dangerous Goods
- Wide range of rental equipment
- Crane Hire
- Winch Trucks
- And much more

A SAFE ENVIRONMENT

COMMITTED TO ENSURING a safe and healthy environment for staff, visitors, contractors and other individuals, prevention of injury or ill-health to all individuals is of utmost importance during the operation of all RTS activities. RTS is dedicated to ensuring that all legislative requirements are adhered to and a position of excellence is maintained through a systematic and preventative approach in handling workplace health, safety and welfare issues affecting its activities.

RTS quality targets are aimed at delivering the best in class quality and the highest level of service within its industry. At RTS, we acknowledge that our customers decide our future by placing their confidence in us by awarding us new and permanent projects, contracts and business opportunities and therefore it is vital for our business to continually improve processes and to maintain harmonious working relationships with our clients and suppliers.

Not only does RTS operate as a TruckSafe Accredited Company (since 1999), it participates in many other injury preventative and quality improvement schemes. These include:

- National Heavy Vehicle Accreditation Scheme under Maintenance Management (2000).
- Basic Fatigue Management Scheme is supported by RTS with all employees participating and trained in Heavy Vehicle Driver Fatigue Management.
- Western Australian Vehicle Accreditation (2002).
- All RTS drivers are fully certified in line with current oil and gas company induction requirements.

RTS also values and places great emphasis on the contribution of its employees as it recognises that it is through their input and dedication, that the company will continue to supply superior service and succeed in customer satisfaction.

CAREERS

RTS IS ALWAYS looking to continue to expand and enhance its services by offering excellent career opportunities by providing fulfilling and challenging roles within the heavy haulage and the oil and gas industry.

An employee's safety is top priority at RTS and this reflected within the company Environmental Health and Safety standards of which the core values are derived from strategic goals outlined within the current company Workplace Health and Safety Strategic Plan. At RTS we believe in:

- Ethics and accountability.
- Innovation and creativity.
- Excellence and quality in all its endeavours.
- Equity of access and inclusiveness.
- Participatory decision making.

Resumes are always welcome and can be forwarded at anytime to fax: (07) 4622 4822 or email: admin@romatransport.net.au.
